### Good Morning

>The first meal of the day is no doubt the most important at **North Park Breakfast Company**—from the mashed potato waffles to the churro French toast to the fried rice benedict. The modern brunch bistro boasts a covered dining patio; vegan options (try the vegetarian scramble); and libations such as the Bacon & Eggs Bloody topped with deviled eggs, and kombucha on tap. 3131 University Ave., North Park, 619.269.2118
